

# NICO BrainPath®

## Atraumatic Access to the Subcortical Space

### PRODUCT GUIDE

### Safe access and visualization of the surgical field during brain and spinal surgery.

The NICO BrainPath is an innovative and groundbreaking access technology dramatically changing how surgeons can safely move through the natural folds and delicate fibers of the brain, providing the ability to address unmet clinical needs in neurosurgery.

The obturators are uniquely designed with an atraumatic tip that minimizes tissue damage by displacing tissues of the brain during advancement to the targeted abnormality. The clear sheath remains in the brain during the procedure and after the obturator is removed to serve as a protective portal for surgeons to easily maintain access to the surgical site.

- **Opportunity for atraumatic access without the creation of a corticectomy or corticotomy.**
- **Locks in navigation probes for real-time placement in the surgical field.**

The BrainPath is neuro-navigation compatible.

The NICO BrainPath allows surgeons to easily maintain access to the surgical site.

## Product Family Information

### NICO BrainPath Obturators and Sheath Diameters and Lengths

PRODUCT NUMBER	PRODUCT NAME	DIAMETER & LENGTH	STERILE/ NON-STERILE
NN-7015	BrainPath Obturator	13.5mm x 50mm	Non-Sterile
NN-7016	BrainPath Obturator	13.5mm x 60mm	Non-Sterile
NN-7017	BrainPath Obturator	13.5mm x 75mm	Non-Sterile
NN-7026	BrainPath ST-Gold Obturator	13.5mm x 50mm	Non-Sterile
NN-8036	BrainPath Sheath	13.5mm x 50mm	Sterile
NN-8037	BrainPath Sheath	13.5mm x 60mm	Sterile
NN-8038	BrainPath Sheath	13.5mm x 75mm	Sterile
NN-9005	BrainPath Manipulation Tool		Non-Sterile
NN-7019	BrainPath Sterilization Tray		Non-Sterile

### NICO BrainPath Kit

- 1 - 50mm BrainPath Obturator
- 1 - 60mm BrainPath Obturator
- 1 - 75mm BrainPath Obturator
- 1 - 50mm BrainPath ST-Gold Obturator
- 2 - Manipulation Tools
- 1 - Sterilization tray

\*The NICO BrainPath Kit is Product #NN-7018.

\*BrainPath sheaths are packaged sterile in boxes of 2 and are single use, disposable items.

NICO Shepherd's Hook™ with BrainPath for use with Greenberg™ retractor (also compatible with Fukushima retractor).

NICO Shepherd's Hook with BrainPath for use with Sugita™ retractor.

NICO Shepherd's Hook with BrainPath for use with Budde™ retractor.

50mm, 60mm and 75mm BrainPath sheaths
